

Clean Cities International

Marcy Rood

U.S. Department of Energy

Oklahoma City, OK

May 14, 2002

Clean Cities International Program

- Facilitates international exchange and government/industry partnerships to promote alternative fuel technologies to address shared energy and environmental issues
 - Reverse Technology Tours
 - Information Exchange
 - Training
 - Coalition Formation
- Leverages funding from international agencies and the private sector

Clean Cities Around the World

★ Border Coalitions ★ Current CCI Activity ★ Expressed Interest
